

THE SUMMIT
COUNTRY DAY SCHOOL

To Whom it may concern,

As a letter of recommendation, The Summit Country Day School endorses the consulting services of Westar Education, LLC.

In early 2012, we began researching the opportunity to begin admitting International Students to our Upper School. Since then we successfully enrolled 24 international students from Westar agency. These students have been very successful academically and socially and are a vital part of our Upper School Community. They have adapted quickly to our competitive and rigorous academic environment and have taken leadership roles within various groups. Our faculty and domestic students have thoroughly enjoyed the cultural exchange and citizenship that these students have provided our community as well.

The Summit's Upper School program enables and prepares our students for the academic, spiritual, and life challenges they will face in college and beyond. An extremely rigorous academic curriculum and our world-class character education program, combined with an excellent offering in sports, arts, music, and drama, helps every student reach his or her full potential, and transform the values of a Summit education into a lifetime of success.

As an agency, Westar has provided full-service accommodations to our school, the host families, and every student they assist. Westar truly cares for the students in their program and go above and beyond to ensure that the relationship runs as seamless as possible.

I'm happy to recommend the services of Westar Education, LLC.

If you have any questions, feel free to contact me.

Regards,

Beth Bissmeyer
